[Kool Keith]

Yeah..

Black mon, come get him served

Black mon, come get him served

Black mon, come get him served

Yeah! Live from, the St. Nickalaus arena in Detroit,

Michigan

We gon' get busy with fifty-five million thousand people
out there

Let the crowd go WILD!

One, two, three, four..

[Kool Keith]

I got a radio, small and yet portable

Comfortable, with the sound in audio

Kickin, high hats just tickin

Spicy lyrics, and words finger lickin.. good

But you know I could

Beat on steel, break tons of wood.. down

with a funky sound

Square mixer, the record is round

and turning, for the million I'm earning

Shock the rhythm, and just keep learning

this, that is supposed to

Grab your ear, and have it move close

to the speakers, so you hear me clearly

I'm out yes, to damage severely

You're very far, and not yet nearly

expressing them, but you're messing them up

Your bummy rhymes, I'm dressing them up

for the battle win, like a snake I'm rattlin

The red ball with the wooden piece paddlin

MC's stop perpetrating

I'm a merchandise, a customized item
Computer rapper for suckers who wanna bite em
Stand back, watch the man recite em
It took a second a minute for me to write em
and type em and hype em and psych em, up
Change my rhythm, before I get stuck
in an altitude, beyond my own level
I smack rappers, and send em to the devil
on a bus, return em to dust
I start infections, reduce em to pus
I'm on the scanner, with brains I blow out
Your old bones, and skulls I throw out
to the backyard, and yes the wackyard
You need a pipe, there's the old crackyard
Your last stop, it has to be the graveyard
Peakin, Ced Gee I'm speakin
I smell smoke, my tonsils are leakin
words, in the right direction
I had the beats, for lyrics perfection
Stompin, the bass and highs

Well I'm locked, like a chain to a link
I wear black while suckers wear pink
Now think, about my capital law
I break domes, and speak in the raw
I'm iller, a South Bronx killer
I chop rappers, and throw em in the river
Tasting, as I swallow your liver
Here's your brain for your girl I can give her
messages, clues from a murderer
And if she's ugly, I never even heard of her
telling, bugging detectives
I wear a bag, four contraceptives
and aluminum, wrapped in all foil
I play a game, slick to be oil
for the other roaches, MC's I boil
and roast, mega degrees
I swarm around with a thousand of bees
Absorb earth and the honey from trees
I'm the King Bee, my girl's the Queen Bee
And when you're stung, you never even seen me
