[Kool Keith]

Yeah you don't have to play this on a Tuesday night  
But check this out, this is Sunday morning in church  
with the brother, the Godfather  
Open up the testaments, and let us read this  
This ain't no Flintstone and no Bedrock type stuff  
Check it out  
(Time to flip the SCRIPTURES!)

Checkin my style, return to zero (4X)

Well I keep a style in tomes, on my job and microphone  
Mik-make my flows, show a rapper what I give them  
Don't flex funky yo, kick it honey step back  
Watch when I come, you scratch that kitty-kat on top of  
that  
Rappers know I'm X, slow down, watch me get stupid  
open  
Dance for the ladies, I strip in Chippendale's  
Funky hypo, or technical, lyrics make computer  
with a brain that spins like Kid Capri, 33  
Drop a 45 down just like the first record rotate  
My style, my rhyme, my game is droppin doo doo lyrics  
Make a brother say, "Keith is out? Damn, I wanna hear  
it"  
Buy a copy tomorrow, kick his old tape  
Take it back two times to smack his girl, let him go  
Tell his uncle brother aunt and Cousin Belle (Ding-  
Dong!)  
As I rock so well, spankin tail, check the beats  
My style is so early, you couldn't catch it on Bobbito  
As I flaunt and I stretch just like a rubber band, POPPIN  
Stoppin every rapper like a trooper on a turnpike  
I'm long and strong and just like the Lincoln Tunnel  
'Father, big up, check it out  
Back back, I switch switch, I check check, I know that  
Bored as I kick up, you proud of me you know it's me  
I got more muscle to flex to show than Jodeci  
Take off them panties, I turn Boyz II Men

Checkin my style, return to zero (4X)

Yeah! We want all them rappers out there  
to check they styles and come back and return to zero  
(Yeah, what you need?)

I don't NEED, Bootsy Collins  
I don't NEED, Central ?  
I don't NEED, Roger Troutman  
I don't NEED, Zapp  
I don't NEED, Junior  
I don't NEED, Chic  
I don't NEED, Sister Sledge  
I don't NEED, pop  
I don't NEED, Bohannon  
I don't NEED, Led Zeppelin  
I don't NEED, Anthrax  
I just need what I need!
