You said so yourself  
I always took the easy way out  
But you can't see me coming down  
When you're jumping ship  
I thought we wanted more  
I guess I was wrong

You can't take the easy way out  
It's not so easy now  
You can't take the easy way out  
It's not that easy now

You can't take that easy way  
And you'll think I'll stay  
But like the years  
I'm drifting away

You said so yourself this time  
I won't take the easy way out  
The truth is what I'm all about  
But I should have known  
You're the same way you were before  
(Time has come and gone)  
I guess I was wrong

You can't take the easy way out  
It's not so easy now  
You can't take the easy way out  
It's not that easy now

You can't take that easy way  
And you'll think I'll stay  
But like the years  
I'm drifting away

Drifting away  
Drifting away

Can't take the easy way out  
Can't take the easy way out  
Can't take the easy way out

It's not that easy now

Can't take the easy way out

Can't take the easy way out

Can't take the easy way out
