Visit "[Empty Like the Ocean](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Make my body motion, yeah the night is young  
Open like the ocean, cold and numb  
Dance until the sweat forms on your face  
It won't take long to flush the poisons

I don't care where you come from  
If it's awful there  
All of us are alone  
I forget where I come from  
And I don't care

So what's wrong? I think too much  
I don't want to fuck you, I don't want to touch  
I just want to fill you with regret  
I've said it all before, it's pointless

I don't care where you come from  
If it's awful there  
All of us are alone  
I forget where I come from  
What I'm doing here  
It's so redundant

I don't care where you come from  
If it's awful there  
We're all alone  
I forget where I come from  
And I don't care

Dance until the sweat forms on your face

I don't care where you come from  
If it's awful there  
All of us are alone  
I forget where I come from  
What I'm doing here  
It's so redundant

I don't care where you come from  
If it's awful there  
We're all alone  
I forget where I come from

I don't care  
And I don't care  
I don't care (dance until the sweat forms on your face)
