I tried my best to let you know  
That I'm not trying to test you  
It's just so hard to let you go  
When I have nothing against you

Save your breath this time  
You'll need your strength to set this right

Look how far we've come  
Oh yeah there's no going back  
Look at what we've done  
There's no sense in saying  
That accusing you of using me ain't right  
But I will not give up without a fight  
Do or die  
Yeah take it back

Fear not cause here's the answer  
To your most pressing question  
Fear not cause here's the answer  
To your most pressing question come on
