So hard to believe what you're looking for

You cry again  
To save yourself  
But you could  
Never understand their pain

It's all a game  
You play yourself  
And you will  
Never understand the pain

I'll move on tomorrow  
We can try again  
And when their hope is gone  
I'm waiting

I'll move on tomorrow  
We can try again  
And when their hope is gone  
I'm waiting

I'll move on tomorrow  
We can try again  
You're my savior  
You're my savior  
You cry again  
To save yourself  
You feel ashamed  
Never understand the pain

All you're missing  
Is an honest  
Presentation  
I hope you understand this pain

You can pretend but I'm not buying it  
Can pretend, but I'm not buying it  
Can pretend, but I'm not buying it

You're my savior So hard to believe what you're looking  
for

You're my savior So hard to believe what you're looking  
for  
You're my savior So hard to believe what you're looking  
for  
Right.  
Write.
