Im a rubber ball

(victims of success

We all are...)

Blackbird sittin at the kitchen door

Dont give him bread hell come back for more

Point to the bush where the berry grow

Rub your belly and touch your toes

We are strong

Were invincible

We are driven snow in the face of all

We are strong

Were invincible

Were a rubber ball

Blackbird shackled in a golden cage

Mother nature she shake with rage

Well he was born with his

And I was born with mine

And there is still a dividing line

Says we are strong

Were invincible

And we are driven snow

In the face of all

We are strong

Were invincible

And were a rubber ball

Who says we are strong

And were invincible

And we are driven snow...?
