Born into this world a baby,  
You're mind is clear as the air  
Time passes...  
You learn to walk and talk  
Time passes...  
You learn right from wrong  
Time passes...  
You leave home seeking a life  
Of your own...

I'm tellin' you the natural facts  
For way this world  
Listen to me people...  
You make your own heavens and hell  
Right here on earth

I'm tellin' you the natural facts  
For way this world  
You make you own heaven and hell  
Right here on earth  
On earth, on earth, on earth...

Time passess...  
And your values change  
Life becomes a strange, confusing game  
Suddenly you want the finer things in life  
But you find it takes a lots of hard work  
Now you're standing  
At the crossroads of life  
To satisfy your personal wants...  
Will you do wrong  
Or will you do right?  
Well one thing you must admit,  
And you know it's true  
The final decision,  
Is still up to you

I'm tellin' you the natural facts  
For way this world  
Listen to me people...  
You make your own heaven and hell

Right here on earth  
Let me tell you one more time...  
I'm tellin' you the natural facts  
For way this world  
You make your own heaven and hell  
Right here on earth

Listen people...  
Life is a giant, invisible scale with two sides;  
Good and bad  
You and your beliefs  
Are the weights  
The things you do each day  
Determine the balance  
Your conscience is a flawless  
Judge and jury;  
The only question is what you want
