when you, you know that you've finally found it
when you, you say can't live without it
i know, you lie there and you just can't fight it
you love her and you just can't hide it
it's a dangerous place

with a heart of glass
no you can't turn back
when the walls are shaking
with a heart of glass

so i stand here in the driveway watching you go
i know, i know i can't stop ya
tell me what night do you not remember?
my eyes used to make you shiver
that was a dangerous place

with a heart of glass
no you can't turn back

when the walls are shaking
with a heart of glass

when you, you know that you've finally found it
when you, you lie there and you just can't fight it

with a heart of glass
no you can't turn back
when the walls are shaking
with a heart of glass

with a heart of glass
no you can't turn back
when the walls are shaking
with a heart of glass
