i walk up, up the stairs here, cause i see you left the
light on
hoping that I come in there and lye down by your side.
Theres a hole, down inside me, you once filled, filled
me all up.
in the dark of the night girl, we whisper, forever, forever
but..
where did we go? i lost you, i lost you.
where did we go? I need it, I need it.
where did we go? i lost you, i lost you.
where did we go? can't go on without you yeah.
i Walk in, you're already sleeping, so you can't hear me
singing.
girl i bet you we're dreaming, oh do you still dream
about me?
do you believe i still remember, all that we said, about
surrender it to eachother like we're
lovers, forever, forever, forever, but..
where did we go? we lost it, we lost it
where did we go? I need it, we need it.
where did we go? i lost you, i lost you.
where did we go? can't go on without you yeah.
can't go on without you yeah

where did we go? we lost it, we lost it
where did we go? I need it, we need it.
where did we go? i lost you, i lost you.
where did we go? can't go on without you yeah.
can't go on without you yeah

where did we go? i lost you, i lost you.
where did we go? I need it, we need it.
where did we go? i want you, i want you.
where did we go? i can't live without you yeah
i can't live without you yeah
