Erase all of the lines  
Blurry, I'm kicking my hive  
Wake up to the space of life  
Full flavor is just around the corner  
Full flavor is dancing on the water  
Erase all the lines  
Hurry, I'm living a lie  
Listening, just give, me a sign  
Full flavor is just around the corner  
Full flavor is dancing on the water  
Staring at the water  
Shining, shining  
Staring at the water  
Shining, shining  
Staring at the water,  
At the water  
Staring at the water  
To who I am
