The open road is callin'  
I'm headed for the setting sun  
I couldn't help but thinking  
What the world is running from

Seems everybody's running  
Everybody's hoping they're gonna get it right  
'Cause everybody wants it (but)  
Everybody's holding on just a little to tight

So we gotta try  
Looking inside... It's been a long time  
You gotta try  
And ask yourself why  
But take it easy it's all right

Cause the things that you want  
You gotta leave them behind  
Cause you've already got  
What you're trying to find

They hours they been passin'  
I pulled off for a bite to eat  
And when the waitress asked me  
"Hey man, what'll it be"

I said "Everybody's hungry"  
Everybody's trying to fill an empty soul  
And even though they know it  
Everybody's holding on when they oughta let go

So we gotta try  
Looking inside... It's been a long time  
You gotta try  
And ask yourself why  
But take it easy it's all right

Cause the things that you want  
You gotta leave them behind  
Cause you've already got  
What you're trying to find
