I can't find a cure for this...
But it's just built up
Nothing I can do, I'm ready to burst into an aggression

I know my future is burning faster
Emotions in control
I'm doing... to prove you're wrong

It's not about who is right
Who wins or lose
This fight is over

Well I'm not sorry
For all I said and done yeah
I used to worry
But now I've changed my point of view

I won, my mind just become clearly
As I raise my voice
I feel like a freak
Can't see how weak and find an understanding

Sometimes...
Forgetting just move on
If it doesn't kill you it will make you strong

This fight is over

Well I'm not sorry
For all I said and done yeah
I used to worry
But now I've changed my point of view

I don't care if you want it go back to the start
Wake up I had a change of heart

Well I'm not sorry
For all I said and done yeah
I used to worry
But now I've changed my point of view
