I'm thinking of what I have
Done and what to do
Didn't mean to expose you.
I guess I can't ignore it
I can't leave it I suppose,
There was a million ways to play
Different but I chose

To pull the trigger
Bring us to an end
Can't you see I'm sorry?,
My friend
I wasn't even aiming
When I shot you down
There's nothing I can
Change now.

Maybe I am just as bad
As this has made me feel
Spoil the Reputation by the secrets I revealed.
Making friends and feeling dare
That's the way it goes.
There was a million ways to play
Different but I chose.

To pull the trigger
Bring us to an end
Can't you see I'm sorry?,
My friend
I wasn't even aiming
When I shot you down
There's nothing I can
Change now.

(Comon)

Can you keep a secret?
When there's no one
I can turn to.
Do you trust me?
Hide it for my needs's what I deserve.

To pull the trigger
Bring us to an end
Can't you see I'm sorry?,
My friend
I wasn't even aiming
When I shot you down
There's nothing I can
Change now.

So much for friendship
It's over now.
And I never want to play.
It pains me when thinking of how I felt
To follow all the rules of the game.
