Just say yes!  
To war!  
Just say yes!  
To porn!  
Just say yes!  
To Government!  
And say yes!  
To public scorn!  
Just say yes to politics!  
And say yes to guns!  
Just say yes!  
To beer!  
And yes to unlimited fun!

It doesn't matter if it's wrong or right  
Unless we know the reason why  
And if we let them tell us what to think  
They'll finally control our minds.

Just say yes!  
To terror!  
Just say yes!  
To drugs!  
Just say yes!  
To conformity!  
And yes let's act like thugs!

Just say yes!  
To crime!  
And say yes!  
To hate!  
Just say yes!  
To apathy and the ignorance that seals our fate!

It doesn't matter if it's wrong or right  
Unless we know the reason why  
And if we let them tell us what to think  
They'll finally control our minds.

So... just say...

Just say yes!

To agendas!  
Just say yes!  
To greed!  
Just say yes!  
To religion!  
And say yes to doing more speed!

Just say yes!  
To dicipline!  
And say yes!  
To trust!  
Just say yes!  
To corporate criminals running our asses into the dust!

It doesn't matter if it's wrong or right  
Unless we know the reason why  
And if we let them tell us what to think  
They'll finally contol our minds.

So... just say...

Just say... just say yes!
