[Verse 1]

Only titles remember...

Then you took it away...

Broken Laws for the pleasure

It seems to be.

The more they fight we rebel

It ain't so bad

[Chorus 1]

We come Loud

LOUD!

[Verse 2]

Different kinds put together

Spoken thoughts twist of faith

Lord knows it's the keys

Hidden me!

Then there's not much to say.

It ain't so bad!

[Chorus 2]

We come

Loud

Loud, Loud

[Bridge]

I know, What it seems

Take me, Open side.

Take my breath away,

Nothing else to say.

Change the page of all

To read Freedom, Justice,

One Love, Kingdom, We Come!

[Chorus 3]

Loud

Loud, Loud

We Come

Loud

Loud, Loud
