[Chorus x2:]

Now walk it out [x4]

Westside walk it out, southside walk it out

Eastside walk it out, northside walk it out

[Andre 3000:]

Now walk it out like a usher

If you say real talk I probably wont trust ya

If you wanna go to war, the gunz my pleasure

Even jesus had 12 disiples on the level, trigger,  
whatever

Pyune, pyun want dat mega 3 thou

I'm like jury duty your new to this part of town

Your white tee well to me look like a nightgown

Make ya mama proud take that thing two sizes down

Then you look like the man that you are or wat you  
could be

I could give a damn 'bout your car but then I would be

If it was considered a classic before the drastic change  
in production

When cars were metal instead of plastic value

Is wat I'm talkin about

Take two of these and walk it out

You be the reason they talk it out

You can't be the king in the parkin lot-- forever

Not sayin I'm the best but till they find sumthin better

I am here no fear right me a letter 'till then

I walk it out [x7] I westside walk it o-o-out [x3] then

eastside walk it o-o-out

[Unk:]

I walk it out the bank with a lot of zeros

That's wat my teachers call me predictions like they  
cleo

So I did my dance for'm

They make bout 40, 000

I do that in a month I'm no resorts and islands

I make them walk it out yeah it's me again

But I'm with jones that phat stacks and benjamin

I roll with made men

That brakes the stage in

And keep the girls happy  
So yall can get the nappy  
Gansta's they do they dance they do it to my song  
See I was up in cali cripp walkin it all night long  
Drop 20 on my neck got 10 on they wrist  
A billion dolla look a million dolla kiss
