Words: SÃ©amus Griffiths

In my wildest dreams
Never thought that you'd love me
But you came to me
And I fell in love with you

Now you sleep
And I lay here by your side
and I'm ...I'm so
Happy to know
That I
Love you
Oh Ilove you

After all these years
I (just) want you to know that
That I thank you
For the time that you gave me

Now you're gone
And you've left my side
But your soul
Lives on
On in my heart
And in my love
My love
My love
