Everything has fallen to pieces
Earth is dyin' help me Jesus
We need guidance, we've been misled
Young and hostile but not stupid

Corporate leaders, politicians
Kids can't vote adults elect them
Moms that rule the school and work place
Signs that caution 16's unsafe

We really need to see this through
We never wanted to be abused
We'll never give up, it's no use
If we're fucked up, you're to blame

Let this train-wreck burn more slowly
Kids are victims in this story
Drown the youth with useless warnings
Teenage rules they're fucked and boring

We really need to see this through
We never wanted to be abused
We'll never give up, it's no use
If we're fucked up, you're to blame

Everything has fallen to pieces
Everything has fallen to pieces
Everything has fallen to pieces
Everything has fallen to...

We really need to see this through
We never wanted to be abused
We'll never give up, it's no use
If we're fucked up, you're to blame
