### "Can I Live"

Visit "[Can I Live](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Yeah hah yeah Roc A Fella

We invite you to somethin epic y'all know?

Well we hustle out of a sense of hopelessness

Sort of a desperation

Through that desperation we 'come addicted

Sorta like the fiends we accustomed to servin

But we feel we have nothin to lose

so we offer you well we offer our lives right

What do you bring to the table?

While I'm watchin every nigga watchin me closely

my shit is butter for the bread they wanna toast me

I keep my head, both of them where they supposed to be

Hoes'll get you sidetracked then clap from closed feet

I don't sleep, I'm tired, I feel wired like codeine, these days

a brother gotta admire from four fiends away

My pain wish it was quick to see, from sellin 'caine

til brains was fried to a fricaille, can't lie

At the time it never bothered me, at the bar

gettin my thug on properly, my squad and me

lack of respect for authority, laughin hard

Happy to be escapin poverty, however brief

I know this game got valleys and peaks, expectation  
for dips, four percent pertation we stack chips, hardly

The youth I used to be, soon to see a mill'in

No more, Big Willie my game has grown prefer you call  
me William

Illin for revenues, grateful dim the light

channel 7 news, round seven jewels, hand gettin the  
mic

Forgettin all I ever knew, convenient amnesia

I suggest you call my lawyer, I know the procedure

Lock my body can't trap my mind, easily

explain why we adapt to crime

I'd rather die enormous than live dormant that's how  
we on it

Live at the main event, I bet a trip to Maui on it

Presidential suites my resedential for the weekend

Confidentially speakin in codes since I sense you  
peekin

The INXS rental, don't be fooled my game is mental

We both out of town dog, what you tryin to get into?

Viva, Las Vegas, see ya, later at the crap tables

meet me by the one that starts a G up

This way no fraud Willie's present gambling they re-up

And we can have a pleasant time, sippin margaritas

Ge-ge-geyeahhh, can I live?

Can I live?

My mind is infested, with sick thoughts that circle  
like a Lexus, if driven wrong it's sure to hurt you  
Dual level like duplexes, in unity, my crew and me  
commit atrocities like we got immunity  
You guessed it, manifest it in tangible goods  
Platinum Rolexed it, we don't lease  
we buy the whole care, as you should  
My confederation, dead a nation, EXPLODE  
on detonation, overload the mind of a said patient  
When it balls to steam, it comes to it  
we all fiends gotta do it, even righteous minds go  
through this  
True this, history school us to spend our money foolish  
Bond with jewellers and, watch for intruders  
I stepped it up another level, meditated like a buddhist  
Recruited lieutenants with ludicrous, dreams of  
gettin cream let's do this, against T-D-S  
So I keep one eye open like, C-B-S, ya see me  
stressed right? Can I live?  
Can I live?  
Can I live?  
Can I live?  
Ha-hah, Roc-A-Fella y'all
