(yeah)

I fell down a gutter but I can't complain
Another false step could drive me insane
I only got myself here to blame
So I shake off the feet and I start again
Oh no, I said I wanna go back
But I can't win the shit and I'm gonna stay on track
Yeah, make a deal like that
I keep my head up but I never react

I wrote it down a list a month ago
Sixteen chapters of one thing you've blown
The best thing yet to help you through and through
That she was I feel her more than you

Don't leave...
Don't leave her

(yeah)

I get up just to get knocked back down
I sit up just to get knocked all around
I wanna say something but you're out of town
I dont wanna have another short down
Say stand up, hey, yo, lets make it clear
Follow you home, no, you were not there
You saw him comin, jump, you disappear
Home alone every night, seems so clear
You think you see me here, all along
Got my crew comin now, one by one, two by two
Three by three, four by four, lets do some more

Call me back when word is that she's gone
Cat like thief, she stole air from my lungs
Leave me standing on this lonely grave
I dug it out incase she turns away

Don't leave...
(don't ever, don't ever, don't leave her)
(don't ever, don't ever, don't leave her)

Don't leave her...
(don't ever, don't ever, don't leave her)
(don't ever, don't ever, don't leave her)

Don't leave...
(don't ever, don't ever, don't leave her)
(don't ever, don't ever, don't leave her)
Don't leave her...
(don't ever, don't ever, don't leave her)
(don't ever, don't ever, don't leave her)-
