daydreaming and i'm thinking of u(4X)
look at my mind floating away

i know fucking with a crook is wack
i lied, cheated, still took me back
what i do, turn around, ask u to cook me crack
boost my work with a jerk tell the truth it hurts
cause u even ask me to come through to church
what i do at second rate
i stole ten dollars out of the collection plate
but i'm ready to change
you got my heart, plus u smart
and the sex is great
and u hate rap

i like that girl
i argued with kiesha, i aint like that girl
u jumped right out the car, to fight that girl
u beat her ass, you aint have to bite that girl
and my baby got the best thighs
and my whip sh aaint never got to test drive
copped here up, at five
u paid attention when no one acknowledged me
this is my public apology holla B.

(chorus)

hey baby lets get away lets go somewhere aah baby
can we

we can get te drop top or come through on a bike
we can go where u want we could do what u want
tonight

hey baby lets get away lets go somewhere ah,
baby can we(where u wanna go)

where italy, what sicily, tell me girl to disney world
(tiffany)

he's the kind of man that will say hey baby lets get
away

lets go someplace oh

where i don't care

he's the kind of guy that will give u everything and trust
your heart

share all of his love till death do u part

i wanna be what he wants, when he wants it

whenever he needs it
when your feeling lonesome and love struck i'll be
there to feed it
loving him a little bit more each day
fears at hold when i hear him say
(chorus)
(camron)
u helped me work when we was twelve in a half
u said cam,what the fuck dog,twelve in a half
that house cost millions, twelve in a half
but i still got them(?), twelve in the stash
u can't even get mad
say what the hell and just laugh
standing there beautiful like what i'm gonna do with u
u wanted me to go to school and just play ball
what i do go to school with that (?) -ball
here come the (?), here come the(?)
yeah i dealt that, i'm a hustler though i can't help that
u was there when i flipped my first birds
now we gonna see my son take his first words
and um,absurd, i aint wanna be no sinner ma
i just wanted 8 carrots on your finger ma
since we're young u thugged me i thugged u
u hug me,i hugged u
u love me, i love u
(chorus)
i want to be what he wants, when he wants it
whenever he needs it
when he's lonesome and feeling love struck i'll be there
to feed it
loving him a little bit more each day
fears are at hold when i hear him say
(chorus repeat 2 times)
