chorus [Biggie on "Suicidal Thoughts"]- I swear to God
it feel like
death is
fucking callin me. But naw you wouldn't understand....)
Ayo hit wit at least ten, beat again
Hey Cam'Ron need a friend?
Aww man we meet again
Heres your suit and tie your laced with the gear,
You the same mutha fucka I been chasing for years
(Come on chill man, don't take me)
Don't take you why not? Cause you rhyme now?
Listen here muthafucka lie down
Yo yo chill it ain't my time now
Come on last year you had me duckin the blaze
What about that bitch that you fucked wit' AIDS?
Aww shit come on death I ain't know that,
You know I wouldn't of went up in that bitch kojak
Yeah but her ass was so phat. But let's go back to when
your ass stole
cracks
But I was a little cat that ain't know jack
So I know that but lets go black when they put you in the
trunk of the
gold
hatch
Oh yeah with the cold rats. But back then I even came
back with rabies
But you still living that was way back in the 80's nigga
But yo you tried to get me once when my house caught
on fire
So I let you go when your girl called you a liar and
choked you with
your
necklace
And what about when your ass drove wreckless
Wha what in the Lexus? Come on now I'm thinking of
Blood in the BM
Well I know where he at nigga yo you wanna see him
Ayo don't play wit me nigga you'll get lead in yo head
Yo shut up nigga you bout to die you can't kill me I'm
dead

This is how I get extortion. I coulda got your ass when
you was a
portion
Mom wanted abortion
Yo why didn't you come get me when my time was
done?
When I didn't have a penny and I was confined to
crumbs?
When I wanted to kill myself and couldn't find a gun
Oh yeah that time you was beeping me 911
But to mean I was petty
But now I ain't ready
Man Cam hurry up I got to go get little ready
Me and her got a little 2:00 appointment
She playing with wires while she eating on a ointment
Yo but I don't wanna even join the casket crew
Too bad mutha fucka be back in a few
Yo chill, chill chill yo, shit.
(chorus) x3
Oh you slid up on me. Ayo Death hurry up before they
give up on me.
Come on, my man
It's your time, it's your time
Ayo Death I forsake you, I ain't trying to snake you
Well why shouldn't I take you
Well I understand I stole bottles. But nowadays I'm the
one the little
grove
follow
Yo I'm like a role model. And my girls pregnant
Look don't hand me the game
Yo for real I don't wanna see my family in pain
Look Cam, man, shut up
But, but
What, what
Yo man that fucked up
Yeah, well tough luck
Ayo just show me the light and get me through the fog
What about Mr. Diggs and Jimmy and the God
Oh your crew after you left they got a little chest hair
After hard rocks yo they'll meet you here next year
Ayo what happened to em
You know niggas on the hill sniped em
Ayo why they just ain't fight em?
See funerals I like em you see family and friends
Yeah don't forget the snitches
While you looking for them man I'm looking for the
bitches
And you don't need no ends, and nigga no friends
I'm just gonna go wit you I ain't got no wins
Lemme get my shit man I'll go check it.

Matter fact death you got to give me one second
Before I lay me down to sleep, I pray the Lord my soul
to keep
And if I die.....
Ayo man, cut the crap man just get yo shit man and
that'll be that
Man fuck it death I'm ready to go lying in the ditch
Aw Cam yo you always fucking crying like a bitch
I ain't gonna take you your life you can have that
Just wanted to waste time you someone to laugh at
Ayo why you fuck with me just give me one answer
Ayo I see you next album with my man lung cancer
