Down with the Old Canoe

TEXT:

D G D

It was 25 years ago when the wings of death came low

D E7 A

And spread out on the ocean far and wide

D G D

A great ship sailed away with her passengers so gay

D A7 D

To never, never reach the other side

G D

CHORUS: Sailing out to winter pain, the Titanic was her
name

D E7 A

When she had sailed 500 miles from shore

D G D

Many passengers and her crew went down with that old
canoe

D A7 D

They all went down to never rise no more

This great ship was built by man, that is why she could
not stand

"She could not sink" was the cry from one and all

But an iceberg ripped her side and it cut down all her
pride

They found the hand of God was in it all

Your Titanic sails today, on life's sea you're far away

But Jesus Christ can take you safely through

Just obey his great command, over there you'll safely
land

You'll never go down with that old canoe

When you think that you are wise, then you need not be
surprised

That the hand of God should stop you on life's sea
If you go on in your sin, you will find out in the end
That you are just as foolish as can be.
