oh girl, i wanna say
that i've been thinking about you for days
and i know it's just a game
i'm trying to get up the courage to play
i get butterflies every time
you send me into free fall whenever i see you
step right up, i come undone
i tried to speak but girl you leave me dumb

i got nothing, nothing to say
every time that i try not a word can come out
cos i'm dumb
i see you walking, walking away
should i run after you, tell you just how i feel
but i'm dumb
you're the one i want, i want
i just can't live without you
i can't speak whenever i'ma, i'ma around you
i got nothing, nothing to say
every time that i try not a word can come out
cos i'm dumb

but i know i wanna get you so bad in my world
you found a way to get inside of my head
never been lost for words before, can't take it anymore
cos i get butterflies every time
you send me into free fall whenever i see you
no second best, my number one
but when we meet you always leave me dumb

i got nothing, nothing to say
every time that i try not a word can come out
cos i'm dumb
i see you walking, walking away
should i run after you, tell you just how i feel
but i'm dumb

you're the one i want, i want
i just can't live without you
i can't speak whenever i'ma, i'ma around you
i got nothing, nothing to say
every time that i try not a word can come out

cos i'm dumb

girl you leave me speechless
got you on my (?) list
really wanna meet you to say hi
but my tongue get paralyzed
thirty thousand miles up
yes you light my stars
but everything i tried to say
the words up up and fly away

i got nothing, nothing to say
i see you walking, walking away
should i run after you, tell you just how i feel
but i'm dumb
you're the one i want, i want
i just can't live without you
i can't speak whenever i'ma, i'ma around you
i got nothing, nothing to say
every time that i try not a word can come out
cos i'm dumb

i got nothing, nothing to say
every time that i try not a word can come out
cos i'm dumb
i see you walking, walking away
should i run after you, tell you just how i feel
but i'm dumb
you're the one i want, i want
i just can't live without you
i can't speak whenever i'ma, i'ma around you
i got nothing, nothing to say
every time that i try not a word can come out
cos i'm dumb
