H-E-A-D on the beat
The real one!
[CHORUS]
I need me a girl like Indigo Vanity
Indigo Vanity
Indigo Vanity
I need me a girl like Indigo Vanity
Indigo Vanity
Indigo Vanity
Light-skinned girl
Wit a head full of curls
Bobby diamonds and pearls
And I rock your world
Light-skinned girl
Wit a head full of curls
Bobby diamonds and pearls
And I rock your world

[VERSE 1]
She gotta have skinnies
She gotta rock dunks
At the same time
Baby girl gotta have a donk
All about the paper
Shawty be workin'
Got her own swag
Pink hair, is jerkin'
And I gotta love her style
Lips on point
And I'm lovin' her smile
She know she the shit
So I give her respect
At the same time she ain't got time for rejects
But she rejects
Shawty got it goin' on
Know the girls envy
She know she got it goin' on
Gotta be flyer than a piolet on a stove
Best female jerk on the dancefloor
Aye, she on cue like a pool stick
All I gotta say
This girl's a cool chick

Workin' the functions
Swaggin' is mean
Skinny ass girl
Wit some skinny ass jeans

[CHORUS]

[VERSE 2]

No need for the intro
Ms. Indigo
She all about her bizz
Take your money and go
Oh, steez stay on SB's chill
Colors that she rocks
Think you on x pills
Ew
Cooler than an escamo
Hotta than a camo
Flyer than the doors on a lambo
Aye yo
And you know imma get her
All up in the function
Lookin' fly as ever
Ectra
Lyke, aye ma
What it is
I like the way you jerkin'
I like the way you dip
It ain't my aim to get at your aim
I just wanna let you know you that doin' your thang
You the fliest thing in here
That's my word
I ain't just saying this cuz im so turnt
You can be my vixen
Where you be at cuz
I need that
I need that

[CHORUS]
