We hardly shared a glance
To greet and know each other
And now the time is up
The band is packing up

We'll find another chance
To meet again together
And fill each other's cup
I feel like breaking up

It's this time that almost
Always makes me cry
Before we say goodbye
I want to let you know I love you...

Thank you for playing my music
And thank you for singing my song
Thank you for sharing a moment
'Cause with you I feel I really belong

Thank you for keeping me company
And thank you for being my friend
And if our paths should cross somewhere someday
I'd love to sing this song again

I pray the Lord our God
Richly bless and keep you
Together let us call
And thank Him most of all

Somehow I'm feeling sad
I know I'm gonna miss you
I know I will recall
This warm and cozy hall

Still there's one more thing
Before the day is done
Before the lights are gone
Before the curtain closes, let me...

Thank you for playing my music
And thank you for singing my song

Thank you for sharing a moment
'Cause with you I feel I really belong

Thank you for keeping me company
And thank you for being my friend
And if our paths should cross someday
Then I'd really be glad, yes I'll really be glad,
I'd like to THANK YOU ONCE AGAIN
