Lord, You multiplied some fish and some bread
What a miracle the multitude was fed
We want to be blessed like that little lad
When He came to You and gave all he had.

Lord, You are the Blesser of blessings
Lord, You are the Giver of all gifts Lord,
You are our Jehovah Jireh and
You will supply all our needs

From ages and time so many will say,
You are faithful Lord to your people everyday
You said if we knock,
You will open the door If we sick we'll find your riches
and more.
