There come's a time when you face the toughest of fights. Searching for a sign lost in the darkest of nights. The wind blows so cold standing alone before the battles begun. But deep in your soul the future unfolds as bright as the ray's as the sun. You got to believe in the power of love, you got to believe in the power of love, the power of love. They sing emotion there's a light that flows from your heart its a chain of reaction and nothing will keep us apart! Stand by my side there's nothing to hide together we will fight to the end. Take hold of my hand and you'll understand what it truly means to be friends. You've got to believe (you got to believe) in the power of love, you've got to believe (you've got believe) the power of love it gives meaning to each moment! It's what our heart is all made of. You've got to believe in the power of love, the power of love (the power of love), the power of love!
