Everything I know is wrong
And every thought I have is gone
And every line I've crossed has led me here
If I could take it all away
Wash my sins and pain today
I wouldn't change a thing if you weren't here
I wouldn't change a thing if you aren't here
I want you to know
I'll bleed if you go
I thought you should know
You're perfect
If I could stop the time I would
Before I mess with something good
I hope that you're okay with me right here
Maybe you won't mind if I stay here
I want you to know
I'll bleed if you go
I thought you should know
When all goes to hell and crashes around me
I can hold on to this bliss
When I'm hurting myself as I have a mind to

I'm reminded of all this
I want you to know
I'll bleed if you go
I thought you should know
Maybe you won't mind
If I step out into your light for just a while,
You make me feel like I'm all right
I love to watch you sleep or smile,
You understand the way I am
I'm scared, I'm tense and I pretend
That it's all right, yeah, it's all right,
I hope that you won't mind
Shining a little of your light on me,
Shine just a little light cause you're perfect,
Cause you're perfect, you're perfect...
