So many things seem broken
I know, I'm on of them
But anything worth hoping
Needs someone to hang on
And i'm at the edge of all my dreams
Nothings within reach it seems
But I can see it, I can see it

Put your arms around my neck
And suddenly everythings wonderful
Don't look down, don't look up
Everythings suddenly wonderful

So many doubts unspoken
I know I've tons of them
So hard to sit still through the smoke screen
I choke and hold on
Staring back across the sand
The days slip like water through my hands
I still see it, I still see it

Put your arms around my neck
And suddenly everythings wonderful
Don't look down, don't look up
Everythings suddenly wonderful

And put your arms around my neck
And suddenly everythings wonderful
Don't look down, don't look up
Everythings suddenly wonderful

And you wish so hard for some sort of holy miracle,
that never comes
You prey for divine intervention
All right, It's all right, We're all right

So hang on tight, and hold your breath
Cause I'm scared too
But close your eyes, we ain't done yet
With everything

It'd break my heart

To come this far, and watch you turn everything
beautiful
Upside down, and inside out
When suddenly anything's possible
Don't look down, and don't look down
It's suddenly wonderful
Don't look down, and don't look down
It's suddenly wonderful
