I will not forget what you did to me
All the pain you put me through
It needs to end right now
... it needs to end right now

You raped my mind
I wanna take my life
Put a bullet through my head
Well I die
I cry when I see you
Die when I see you

I want to die with both eyes open
So I can see your face for the last time
I beg you to pull the trigger
And you step towards me with no hesitation

You raped my mind
I wanna take my life
Put a bullet through my head
Well I die
I cry when I see you
Die when I see you

Well I die
You raped my mind
I wanna take my life
Put a bullet through my head
Well I die
I cry when I see you
Die when I see you

You raped me
I hate you
