Little lie, little lie, weaken in our head  
Little lie, little lie, creeping round beneath the bed  
Coming out, coming out  
Facing daylight like a bat  
Spending time, using time  
To grow all tall and fat

Little lie, little lie, Feels no need to hide  
Little lie, finally alive  
Coming out, coming out  
Going on it's ride  
Spending time, using time  
Never gonna die  
Never gonna die

Slipping out of a mouth, refuse to go back in  
Slides on air, hides in hair  
Knowing nothing at all about sin  
You can't know where it's been  
Can't know where it's been

Little lie, little lie, weaken in our head  
Little lie, little lie, creeping round beneath the bed  
Coming out, coming out  
Going on it's ride  
Spending time, using time

Little lie, little lie  
Little lie, little lie
