Yes, all that you've give me, I know
But all you've cost me, you know
Sums up to nothing much you know,
Nothing much at all
To live from, anyway
Hardly to survive...

So I won't come near you again
You can bet your life
I can't come that close again
I won't go near you, I don't think I
Even want to see you ...

Sorry for not being what you needed
For not possessing what you
Think you want
Don't know about anyone who does
By the way, is that why you're still you?
Still within yourself
While I am someone else ... well...

I won't come near you again
You can bet your life
I can't come that close again
I wont go near you, I don't think I
Even want to see you

'Cause the past is stronger
Than my will to forgive
Why did you need my hand, my hand that night?
What did you mess up my systems for
If you really know me so well
Tell me which part I loved
And which one I hate the most?
Did it get you ready for later
Did the others fade out, like me?
Well...

I won't come near you again
You can bet your life
I can't come that close again
I wont go near you, I don't think I

Even want to see you

No, ever again,
Never again
Never again, baby
Ever again
I said never again (never again)
Ever again
