Dream about how it would be to shoot up out of reality  
No more pain just ecstasy would it help me struggle  
with sanity

I've got enough bad habits  
I won't become an addict  
So I sit and dwell in this living hell  
How much longer can it last yah

Is Armageddon our evolution  
No survivors no solution

Disgusted and unhappy but trying to find peace  
Trying to escape what seems like endless misery  
I want some peace and quiet away from all of you  
Well I try so hard to get away but there's nothing I can  
do no

Is Armageddon our evolution  
No survivors no solution

Time flies by so fast  
I wonder when it all will crash  
Worlds explode when evils clash  
Nothing left but dust and ash now

It's the final execution  
No more murder - no prostitution  
No more crime - No more nations  
No more rape it's Armageddon
