Beyond Eternity

Thoughts of despair
encased in my mind
life seems pointless
unhapiness I find
I scream against a wall
what's happening to me?
a state of depression
that lasts beyond eternity.

On the verge of suicide
Can I be saved?
my own worst enemy
an emotional slave
tears of confusion
feeling of hurt
a raging inferno
that soon will burst.

Thoughts of despair
encased in my mind
life seems pointless
unhapiness I find
I scream against a wall
what's happening to me?
a state of depression
that lasts beyond eternity.

A state of depression
that lasts beyond eternity.
