"Expulsion of wrath"

Visit "[Expulsion of wrath](#)" on MotoLyrics.com

Victims slaughtered, maimed in blood
sacrificed for power and all it does
trails of mutilation line their path
decades of madness, expulsion on wrath.

Decades of slaughter,
reign in torture.

Positions of interest, message made clear
kill or be killed, fear or be feared.
A rise toward master of all families
but tables can turn without no mercy.

Decades of slaughter,
reign in torture.

Victims slaughtered, maimed in blood
sacrificed for power and all it does
A rise toward master of all families
but tables can turn without no mercy.
