Garfield Strikes Again

One Sunday evening - when Jon was asleep,
our friend went a prowling - for something to eat,
when he found nothing - he wasn't too pleased,
he went on a rampage - to put mind at ease!

Into Jon's bedroom - he silently crept,
shredded the curtains - then jumped on the bed,
his owner went crazy - at what he had done,
but Garfield said smiling - "Man that was fun"!

Garfield strikes again!!!

Never trust a smiling cat - he'll strike again
behind your back!!!
