In one thousand years when Jesus Christ has crucified,
Someone knocked on (the) gates of monastery in dark
and rainy night.

Old monk opened (the) door and saw a creche with
infant crying.

And something strange was in green boy's eyes.

Time went by, boy grew up, his faith was unrestrained.

When he spoke of God, his speech ensemble of the
startling things contained

All predicted him the future like he had God's bless.

But something strange was in his green eyes non the
less.

[Bridge:]

I always have a dream to die without pain

And God will take my soul and Earth will take my
shame...

[Chorus:]

Be my spy

Be my virus

Be my eyes in the land of light

Be invader

Guide black riders

To throw down the God.

It is time

To set us free

When you reach your age

Act my son

And let them see

Let them feel my rage

Once in midnight, when Romeo was in prays in his dark
room,

Something had forced him to get up and run to the
forest's gloom.

He looked back and saw a person from his own dark
dream.

And Romeo realized that Man talked to him.

[Dialog:]

- Do you know Romeo, who am I, and who you are?

- Evil?

- That's right. But that is not the worst news for you.

- You're my only son. You will be key of mine to heaven.

And in some time my Prince of Darkness we shall rule together.

[Chorus]

I always have a dream to die without pain

And God will take my soul to have a rest

I'll kill myself. I don't wanna play your game

And look now how knife is entering my chest!
