Allow them

They just crawled out of the woodwork  
The cockroach in the expensive suit and tie  
Failure has far too many fathers  
Succeed and you're an orphan 'til you die

Now then no one is saying they deserve it  
What's more they've gotten more than they deserve

Allow them

They've got a pitch and a proposal  
The runaround might be a better term for it  
They think that they've got us at their disposal  
Sit still this wont hurt a bit

Now no one's saying they deserve it  
What's more they've gotten more than they deserve  
The day will come when there is nothing left to be  
afraid of  
Allow them  
They will destroy themselves if we allow them to

It's such a cold cold whorey place  
There's more than rats running in the race  
And more than weasels calling in the plays  
These are cold cold whorey days

Deception is an ax they wield  
There's wands to wave with every call they field  
This is just not us at all  
And if it is, we've dropped the ball

And we know who's not a carrier  
They hide behind a barrier  
That they'll destroy themselves somehow  
It's up to us if we allow  
They will destroy themselves if we allow them to

Allow them

They're setting it in motion  
Unaware, unaware where they are heading to right now

Allow them  
We'll wait for the commotion  
That's bound to come  
Bound to come  
Bound to come if we allow

Now then, no one's saying they deserve it  
What's more they've gotten more than they deserve  
The day will come when there is nothing left to be  
afraid of  
Allow them  
They will destroy themselves if we allow them to
