Do, do, do-wah  
Do, do, do-wah  
(Goin' back, goin' back)

I'm going back to country living  
Where the air is fresh and clean  
Going back to natural living  
Where the grass grows tall and green  
And the skies can be seen

I'll say goodbye to Kingston city  
City life is not for me  
Going where the stars shines brightly  
And the sound of nature's voice  
Goes in the scene

'Cause there's room enough for both of us  
Time enough to tell  
All the things you wanna do  
Country life  
Oh with you, yeah with you.(goin' back)  
yeah, yeah

I'm Going back to country living  
That's where I was meant to be  
Gonna take life nice and easy  
Country town is my (?)  
Gonna live as I please, ooh ooh

'Cause there's room enough for both of us, y'all  
Time enough to tell  
All the things you wanna do  
Country life  
Oh with you, yeah with you

Going back to country living  
That's where I was meant to be  
Gonna take life nice and easy  
Country town is my old hometown  
Gonna live as I please, yes

'Cause there's room enough for both of us, now  
Time enough to tell y'all  
All the things you wanna do  
Country life  
Oh with you, yeah with you  
There's room enough for both of us, now  
Time enough to tell y'all  
All the things you wanna do  
(Country) life  
Oh with you, yeah with you
