I'm weakening.
Something's wrong with me.
I thought that I was to come first.
I don't know what's true.

I'm living with fear.
From morning to night
I'm losing my passion for life.
Hoping that the end of my worries is near.

I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I, we're all the same.
I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I, we're all the same.

I thought, that I was right
but I've made a big mistake
I am changing myself for good
because I have understood

I feel like a grain of sand
on the empty desert
Every man is special, every man
I feel like a grain

I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I, we're all the same.
I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I, we're all the same.
I'm weakening.
Something's wrong with me.
I thought that I was to come first.
I don't know what's true.

I'm living with fear.
From morning to night
I'm losing my passion for life.
Hoping that the end of my worries is near.

I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I,we're all the same.
I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I,we're all the same.

Everything I've known about... about the world,
was just a fraction of truth...truth about him
I feel like a grain of sand on the empty desert.
I feel like a grain of sand,I feel like a grain.

I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I,we're all the same.
I have changed myself.
Growing up every day.
Face the truth about yourself.
You and I,we're all the same.
