"As Usual"

How dare i have opinions about what i've been given
I'm hired and you're fired in everyones life tonight
My hat's off to those guys and now my hair is in my
eyes
As usual to me
It's been so long since i've been missed
Now i'm feeling like i should have kissed my only friend
My only friend is only friendly
And we're only friends because you'll let me
As usual to me
Despite your fights and friendly promises
You'll fall asleep and i'll laugh
Because i never took you seriously
