Whenever we're together
I wonder why we're ever apart
You're the rhythm of the beating
Of my heart...

So many songs about how perfect things could be
And I could write a million more
But why don't we write the next song together?
And we could make it real
Unlike the songs before
I did anything for you
And that will always continue
Don't doubt your heart
You know that this is true
Don't find a way to run
Don't find a way to hide
Just find a way to let me inside

LET'S WRITE THE NEXT SONG TOGETHER
LET'S WRITE THE NEXT SONG FOREVER
I KNOW YOU'RE SCARED
WELL I AM TOO
BUT I AM SAFE
WHEN I'M WITH YOU

You're so afraid of becoming attached
I used to feel just the same

But then I met you at A New Found Glory Show
And now everything has changed

Remember on those nights
You called me drowned in tears
You turned to me
To comfort all your fears
And when I think about you
And how I cannot live without you
I wanna know just what to do
To hear you say

[Chorus]

I am safe when I'm with you
I am safe when I'm with you
I am safe when I'm with you

[Chorus]

I am safe when I'm with you (You make everything
right)
I am safe when I'm with you (You're my day, you're my
night)
I am safe when I'm with you (Want the rest of my life to
be with)
I am safe when I'm with
you...
