AND NOW YOU'RE ALWAYS ON MY MIND

Dreams can't replay
Feelings that day
And when my shorts get wet
It just gets me upset
Cuz you're not
On the receiving end of my
Cum shot
Yeah

[Chorus]

Short plaided skirt
Thigh highs that flirt
One of my heads gets light
And the other hardens

Cuz you're so cute
Will you please play a song on my
Skin flute
Yeah

Cuz you're always on my mind

I try to take a step away to clear my head
I try to take a step away but instead
I wonder
Would you like a kiss just a taste?
Or maybe would you like to suck face?

[Chorus]
