Another Saturday night and I am all alone
What a depressing sight I'm sitting by the phone

And I am waiting waiting waiting for that call
When it means nothing nothing nothing to you at all

SO WHY DO I CARE SO MUCH WHEN IT MEANS SO
LITTLE
WHY DO I MAKE EVERYTHING SO SENTIMENTAL
THE JACKSON 5 MAKE IT ALL SEEM SO DAMN EASY
BUT I'M STILL HOME
I'M ALONE
AND I'M SICK OF COUNTING TO 3

Another Saturday night and you're not here with me
I coulda sworn that we were sposed to go party

And I am waiting waiting waiting for that call

When it means nothing nothing

No it means nothing at all
And I'm: I'm right here and I'm wondering
Why ya lie
Yet still I try and try and try
Why: why are you so far away
When I: I just want you close to me

I'm sure you have a good reason
I'm a puss over reactin
So do you have a good reason
Or was I right am I a puss

[Chorus]

Whoa
123
Whoa
I am drowning in frowning and counting to 3
I'm drowning in frowning and counting to 3
