Alright babe,
These words might seem a little cliché.
(As much as you want them to)
But maybe being creative can't portray,
That I'm in the know on the games that you play,
And I was never one for losing.
So come closer... No,
Keep running,
Keep running,
Keep running,
Keep running,
Keep running,
Keep running away.
So please tell me...
Would it be so wrong,
If I just held on to us forever,
Until my heart can no longer beat.
This stormy weather,
Has gotten us under the weather,
Whether you like it or not, like it or not.
There's a certain loneliness in your company,
And a certain company in being alone.
Don't worry about that urge to steer.
(Into the wall my dear)
Because I'm behind the wheel, and it's all up here.
It's a lie when I say, if you bother to hear,
That I was never a one for irony,
'Cuz if we die together... No,
Keep driving,
Keep driving,
Keep driving,
Keep driving,
Keep driving,
Keep driving straight.
So please tell me.
Would it be so wrong
If I just held on to us forever,
Until my heart can no longer beat.
This stormy weather,
Has gotten us under the weather,
Whether you like it or not, like it or not.
There's a certain loneliness in your company,

And a certain company in being alone.
Would it be so wrong
If I just held on to us forever,
Until my heart can no longer beat.
This stormy weather,
Has gotten us under the weather,
Whether you like it or not, like it or not.
Hold on, before long,
I'm going down and I'm taking you with me.
Hold on, before long,
I'm going down and I'm taking you with me.

So you were in the rain, but I can still tell you're crying.
(Don't worry, these wet roads will just make things
easy)
So you were in the rain, but I can still tell you're crying.
(I sent my love, a hurricane your way)
I sent my love, I can still tell you're crying
(Don't worry, these wet roads will just make things
easy)
A hurricane your way
(I sent my love, a hurricane your way)
