DRAW ME NEAR

How lovely and precious are your ways

How comely and fine you're to me

How good is your name to my ears

How I love to walk in your ways

CHORUSX1

Oh lord take me by your hands

And draw me near to where you're

Make me know the ways of righteousness

So that I will be just like you're

Unify my heart to fear your name

Teach me to walk in your ways

Incline my soul to worship you

In truth and faith make me walk

CHORUSX1

Oh lord take me by my hands

And draw me near to where you're

Make me know the ways of righteousness

So that I will be just like you're

I want you to be, o lord

My shepherd and rock

My light and my guide

The one to carry me

And lead me on

CHORUSX1

Oh lord take me by my hands

And draw me near to where you're

Make me know the ways of righteousness

So that I will be just like you're

You're my shepherd

You're my light

You're my guide

You're my life

CHORUSX3
