I tried to be the one
I tried to give you what you need
I thought we had it all but I couldn't really see
I should have been there before
Yeah, cos' you needed me more

I'm sorry girl, I tried
I know I let you down
You needed me most, baby I wasn't around
Wish I was there before
Oooh yeah, cos' now I'm needing you more

And it's something that I can't ignore...

CHORUS

I feel so empty, I feel all alone
I'm living in misery (in misery)
I can't help but regret that day
My angel beside me (the one that got away)
You can't forgive the things I've done
And I wouldn't ask you to (I wouldn't ask you to)
No one can ever take your place
I'll always belong to you (the one that got away)

Come back
Come back to me
Come back
Come back to me

Now when I'm looking back
Girl, it's easy to see
You never let me down
Always believed in me
I should have cherished you more (cherished you
babe)
Instead of closing the door (no)

And now I'm here all by myself
My heart is screaming out for help
Instead this pain inside of me will always remain
You're the one I adore
I should've loved you more

More...

CHORUS

I feel so empty, I feel all alone
I'm living in misery (in misery)
I can't help but regret that day
My angel beside me (the one that got away)
You can't forgive the things I've done
And I wouldn't ask you to (I wouldn't ask you to)
No one can ever take your place
I'll always belong to you (the one that got away)

And all I have is a faded picture
And broken memories of you
Come back (come back to me)
Come back (come back to me)
Come back (come back to me)
Got away...(the one that got away)

CHORUS

I feel so empty, I feel all alone
I'm living in misery (in misery)
I can't help but regret that day
My angel beside me (the one that got away)
You can't forgive the things I've done
And I wouldn't ask you to (I wouldn't ask you to)
No one can ever take your place
I'll always belong to you (the one that got away)
