

Uranium 235 "Bleed My Disease"

Visit "[Bleed My Disease](#)" on MotoLyrics.com

You suck the life from my skull, creating my disease
Taking this life you did not own, is that what I need
No indication, moral implication, chained by hand and
knee
More satisfaction through your elevation, now do you
want to hear me breathe

Hear me breathe
Hear me breathe
Hear me please

Bleed my disease

Drink the poison and my world, slowly sinks into
A helpless state of mind, as I'm giving in to you
This poison takes my life, and leaves me at her will
I sit with you in silence, remaining perfectly, perfectly
still

Licking your hand of affliction, infecting me with your
sin
Erecting your fist through my soul, awaiting for you to
begin
Carnal fashion of our perversion, I'm a dog who will
beg and plea
Limitations of your orgasmic sensation, but you'll turn it
on to see me bleed

See me bleed
See me bleed
See me bleed

Bleed my disease

Drink the poison and my world, slowly sinks into
A helpless state of mind, as I'm giving in to you
This poison takes my life, and leaves me at her will
I sit with you in silence, remaining perfectly still

Bleed
Bleed for me

Drink the poison and my world, slowly sinks into
A helpless state of mind, as I'm giving in to you
This poison takes my life, and leaves me at her will
I sit with you in silence, remaining perfectly still

Drink the poison
Drink the poison and my world
Drink the poison
Slowly sinks in to
Drink the poison
Drink the poison and my world
Drink the poison
Slowly sinks in to
